

A warm welcome to everyone gathered here today! We are here to celebrate our country's Independence Day. India gained freedom from British rule on 15th August 1947, thanks to the sacrifices of many brave freedom fighters. Let's begin this day by honoring their memory and expressing our gratitude.

Since gaining independence, our nation has achieved significant progress in various aspects of life. However, we also face several challenges. It's crucial that we preserve our achievements and work together to overcome these challenges. Unity is key in our journey towards progress. Together, we can make our country a better, more peaceful place to live, ensuring mutual success and prosperity for all.
